House fire leaves family in Oracle homeless

On April 26 at approximately 4:54 a.m., Oracle Fire District was dispatched to a residential structure fire with children and a mother still inside. The crew immediately asked for assistance from the closest fire district.

According to Oracle Fire Chief Robert Jennings, "While enroute the crew was updated that the children and mother were able to get out of the house safely. The crew arrived and found a fully involved two-story house on fire. The crew immediately had to take a defensive attack on the fire to prevent further spread to other structures in the area. The crew was able to contain the fire to the single residence due to the quick response."

Golder Ranch Fire Department assisted Oracle Fire and helped contain the fire until it was fully controlled.

Agencies on scene included Oracle Fire Department,

Golder Ranch Fire Department, Pinal County Sheriff's Office, AMR, Oracle CERT team, Southwest Gas and BIA. Jennings offered his appreciation to those agencies responding.

"We also would like to thank the other neighboring fire districts as we know they were at the ready to help if needed," Jennings added.

Jennings said, "As a reminder this is the second fully involved structure fire in the last 3 weeks and both were near misses with occupants inside. Please make sure your smoke alarms are working properly and are not expired. As the weather heats up fire growth will be much faster. A FIREWISE property will help in the spread of a fire as it did in these cases. We can't tell you how thankful we are that these are only near misses. We are extremely proud of the work our crews have done and the help from the other agencies."

If you would like more information on how to be FIREWISE and to be ready for evacuations, please plan to attend the Oracle Fire District's "ARE YOU READY" town hall meeting on May 16 at 6 p.m. at the Oracle Community Center.

A fundraiser has been started for the Mullineaux family, who were the victims of this early morning fire. The family lost their home and all of their belongings and local residents are rallying together to provide them with assistance and support.

Needed are:
Boys clothing sizes 10, 7-8 and 12-18 months

"A new partnership bringing exciting opportunities and resources to our community"

Arizona Copper Federal Credit Union has been a proud pillar of our community since its creation in 1955 by the Kennecott Copper Corporation employees. While our name has changed twice over the years, our commitment to serving you, our members, has never wavered. As a not-for-profit cooperative, we've provided essential banking services to over 3,200 members.

The financial landscape is evolving, and we've seen firsthand the challenges it presents. Small towns like Kearny have witnessed banks prioritizing larger markets, leaving us behind. Similarly, some large credit unions focus solely on urban areas.

After careful consideration, the Arizona Copper Federal Credit Union board determined that a strategic partnership would best serve our members' needs. We're thrilled to announce a proposed merger with American Southwest Credit Union, a financially strong institution dedicated to investing in and serving rural communities across Arizona.

This win-win partnership will bring a wealth of new opportunities and resources to our community. Here's what you can expect:

- **Enhanced Banking Services:** We'll offer a wider range of products to meet your evolving financial needs.
- **Improved Rates and Terms:** Enjoy more competitive rates and terms on savings and loan products.
- **Best-in-Class Digital Banking:** Experience seamless online and mobile banking for your convenience.
- **Widespread ATM Access:** Gain access to over 55,000 surcharge-free ATMs nationwide.
- **Extensive Branch Network:** Benefit from the convenience of 5,500 shared branches across the U.S.
- **Expanded Support:** Reach us easily through our enhanced call center and video banking options.
- **Greater Business Support:** Access expanded business lending and merchant services.

We're confident this merger will significantly enhance your banking experience. To learn more and ask questions, join us for an informal town hall meeting on Monday, May 6, 2024 – 6:00 p.m. at:

Closures begin May 15 for US 60 Queen Creek bridge project; thrice-

SUPERIOR – Motorists who travel on US 60 between Miami and Superior should plan ahead for about six months of three times-a-week daytime closures starting Wednesday, May 15, as rock blasting begins for a project to replace the Queen Creek and Waterfall Canyon bridges.

When scheduled, the blasting will lead to closures of US 60 on Tuesdays, Wednesdays and Thursdays between 9 a.m. and 2 p.m., a schedule the Arizona Department of Transportation designed

to provide consistency for those who rely on this highway east of the Phoenix area. Closures are not expected to occur every Tuesday, Wednesday and Thursday but will be limited to those days.

During closures, motorists will use a detour on state routes 77 and 177 through Winkelman. That roughly 68-mile route includes a 10 percent grade and will significantly increase travel time. Drivers may want to plan trips before or after the full closures because of the potential for delays.

Eastbound US 60 traffic will be redirected at State Route 177 in Superior, and westbound traffic will be redirected at the west end of Miami. Traffic will not be allowed to queue at the closure locations.

Motorists with destinations between Miami and Magma Mine Road will be allowed to

pass. No vehicles will be allowed between Superior and Magma Mine Road.

Drivers should expect lane restrictions and a reduced speed limit at all times in the work zone, along with a 14-foot vehicle width restriction. Please proceed with caution, slow down and watch for construction

personnel and equipment.

The closures are required for the combined \$44.7 million project to replace the Queen Creek and Waterfall Canyon bridges with spans designed to handle passenger and commercial traffic for decades to come.

Toward the end of the project, a multi-day

closure of US 60 will be required to finish realigning the highway with the new Queen Creek Bridge.

The new Queen Creek Bridge will span 763 feet and feature one lane of travel in each direction with 4-foot-wide shoulders. The replacement structure

Construction begins soon on Queen Creek Bridge replacement.

weekly closures needed for blasting as replacement project starts

for the Waterfall Canyon Bridge will span 107 feet.

Once the Queen Creek Bridge is completed, crews will dismantle the existing structure, which opened to traffic in 1949. While the bridge remains safe for traffic, it has reached the end of its lifespan and doesn't meet current standards for bridge design.

For safety reasons, construction will require closing some areas used by hikers, rock climbers and other recreational

areas. In the Queen Creek Bridge area, trails will close from Magma Avenue in Superior to the west of the Claypool Tunnel. The trail through the Claypool Tunnel, heading east past Waterfall Canyon Bridge, will remain open until later in the project when active construction begins in this area.

In the Waterfall Canyon Bridge area, the US 60 pullout east of the Queen Creek Tunnel will close during the project. Other nearby pullouts may close

intermittently.

Lady Miners head to St. David and the 1A quarterfinals Wednesday

By Nathaniel A. Lopez
Copper Area News

What an amazing start for the Lady Miners in the 1A state playoffs! The number 5 seeded San Manuel shut out their opponent and secured a spot in the quarterfinals.

The ladies finished out their regular season earlier in the week.

On April 20, the San Manuel softball team

hosted Desert Christian. The Lady Miners put up a fierce fight, but unfortunately fell short. The game concluded with a 18-24 final score.

The Lady Miners started last week with an away game at Valley Union. The first inning started off a little rough for the girls, giving up 2 runs, while scoring none. The Lady Miners dominated the rest of the game, scoring 3 runs in the second inning, 2 runs in the third, 1 run in the fourth, and 1 run in the sixth. The game ended in a red and blue victory with a 7-2 final score.

On April 26, the girls competed in the first round of the 2024 1A Softball State Championship playoffs. The Lady Miners, seeded 5, played against #12-seed Desert Heights Prep. The Lady Miners showed power and determination during their game and dominated the Yotes. The girls gave up zero runs and ended the game with a 25-0 final score.

The Lady Miners will travel to St. David to take on the Tigers in the Quarterfinals on Wednesday, May 1. Go get 'em, Lady Miners!

On April 20, the San Manuel baseball team competed against Desert Christian for the region title. The game ended with a tough loss, and a

0-4 final score.

Ray Bearcats end 2024 season in first round of playoffs; dedicate field to former coach Gerry Peters

By Nathaniel A. Lopez
Copper Area News

It was a busy week for the Ray Bearcats who finished their 2024 season in the first round of the 1A State Playoffs.

The Ray baseball team started last week with a home game against Patagonia Union. The first inning started with the boys giving up 2 runs but posting 1 run. In the second inning, Patagonia scored 3 runs, and the Bearcats scored 6 runs.

The third inning saw the boys post 3 runs, while giving up none. In the fourth inning, the boys scored 3 more runs, and gave up 1 run. The fifth inning saw the boys post 1 run. During the sixth inning, the Bearcats posted 3 runs, and gave up 2. In the seventh inning, the boys gave up 4 runs, but still were able to come out on top, with a final score of 17-12.

Prior to this game, Ray High School dedicated their baseball field to

former teacher and coach, Gerry Peters. Coach Peters started at Ray High School in 1963, until he retired in 1995. Peters coached baseball from 1966 through 1985, with 19 years as a varsity coach, and 3 championship teams.

The following day, the boys traveled to St. David to take on the Tigers. The game started out strong with both teams scoring 2 runs each in the first inning. The second inning saw the boys post 2 more

runs, while giving up 1. No runs were scored during the third inning. The fourth inning had both teams score 2 runs each. It was a tough stalemate during the fifth and sixth innings, with no runs being scored by either team. In a close seventh inning, both teams scored 2 runs each, luckily the Bearcats were up by 1 run, giving them the win.

On April 27, the Bearcats competed in the first round of the 2024 1A State Championship playoffs. The boys, seeded 12, traveled to take on the number 5 seed, Desert Heights Prep. It was a tough game for the boys, who unfortunately fell short in the 1-11 game, closing out their 2024 season.

The Bearcats ended their season with a 11-15 record, good job on a well-played season, boys. We'll catch you on the diamond next year!

It was a tough time on the diamond for the Ray softball team. The Lady 'Cats traveled to take on St. David. The game ended with a rough final score of 0-10. This would close out Ray's 2024 softball season. The Lady 'Cats ended their season with a season record of 8-20. Good job on a well-played season, Lady 'Cats. We'll catch you on the field next season!

The Ray Bearcats baseball field was dedicated to former Coach Gerry Peters before the last regular game of the 2024 season. James Carnes | CANP

Get the dirt on Oracle State Park this May

Samuel Scoville Jr. had to say, about the month of May: “At last came the golden month of the wild folk – honey-sweet May, when the birds come back, and the flowers come out, and the air is full of the sunrise scents and songs of the dawning year,” in the book ‘Wild Folk’.

Indeed, May is a time for returning to the land and there’s no better land around these parts to do that than Oracle State Park (OSP).

Wesley Fawcett Creigh, the second artist to visit OSP from the Arizona State Parks Artists in Residence program, has been enjoying this land, this weather, these sweet

meetings with wild folk and two-legged other visitors, since April 27 and will continue until May 11. Wesley promises to return toward the end of May for a public event. No specifics as to what the event will entail have been given out, yet.

Her work is multi-disciplinary, multi-faceted and better left, in the here and now, to allowing pictures to paint the rest of the thousand words needed. To that end, visit her website at <https://wesleyfawcettcreigh.com/> or to see her in action watch her videos online at <https://vimeo.com/user61705136>.

Curiouser and curiouser, we tumble down the rabbit hole of composting knowledge on Saturday, May 18, wherein, beginning at 9 a.m. Linda Leigh, Compost Curator will present both a talk and a demonstration, titled ‘How do I Compost? Let me count the ways ...’

Do you find yourself wringing your hands and feeling guilty every time you throw your household food scraps into the garbage? Let Linda, Compost Curator/Chef at the Oracle Community Garden, help you solve that problem!

At the Kannally Ranch House from 9 a.m. to 10 a.m. the reasons to compost, compost recipes, and methods of composting such as chop and drop, static pile and worm composting will be under discussion. What is the life inside a compost pile that makes it all happen? It’s a complex food web!

Following, participants will adjourn to the Oracle Community Learning Garden, a mile down the road, to look at composting methods and some of the compost results of locals. Those who have their own compost are invited to bring a quart of it and a story to tell about their composting efforts. The demonstration will end at approximately 11 a.m.

On that very same day, in the merry, merry month of May, with just enough time for lunch between, the Kannally Ranch House Tour begins at 1 p.m. It is a one-hour tour of a historic residence. The five Kannally siblings moved here from Illinois over a century ago and started a cattle ranch. None of them married. Learn more on the tour. No reservation required, just the usual park admission fee.

In summary, May at the OSP is a great time to enjoy the outdoors, indoors, above and underground, art and dirt, wild folk and ensconced artists. However, there are things it is not so great for.

With the weather warming up and summer vacations coming on, there will be no dark sky party in May. The next one is June 8. The guided geology tours will likewise be gone but until the fall. There will be no photography tour.

The good news is that summer hours start in May and the park will be open from 6 a.m. to 3 p.m. until the end of September. You are still welcome to engage in a self-guided geology tour. OSP has new way signs. Pick up a map at the Ranch House. The American Avenue Trailhead will be available for astronomers.

For more information on these events, the changes or more, call the OSP at 520-896-2425.

Public Notice

PUBLIC NOTICE OF HEARING ON SOUTHWEST GAS CORPORATION FOR THE ESTABLISHMENT OF JUST AND REASONABLE RATES AND CHARGES DESIGNED TO REALIZE A REASONABLE RATE OF RETURN ON THE FAIR VALUE OF THE PROPERTIES OF SOUTHWEST GAS CORPORATION DEVOTED TO ITS ARIZONA OPERATIONS. (DOCKET NO. G-01551A-23-0341)

Summary

On February 2, 2024, Southwest Gas Corporation ("SWG" or "Company") filed with the Arizona Corporation Commission ("Commission") an application requesting adjustments to its rates and charges for utility service in its Arizona jurisdiction. The Company asserts that for the test year ending October 31, 2023, ("TY"), SWG had adjusted operating income of \$155,534,944 and an original cost rate base ("OCRB") of \$3,254,152,086 and fair value rate base ("FVRB") of \$4,848,614,544 resulting in a rate of return of 3.21 percent on its FVRB. The Company's proposed rate of return includes a 0.81 percent return on Fair Value Increment to produce a 5.15 percent rate of return on the Company's FVRB. The Company's proposed rates and charges would produce an overall revenue increase of \$125.6 million or approximately 18.78 percent.

SWG also proposes to recover its rate case expense, as well as the remaining balance on rate case expense from its prior general rate case, through its regulatory expense surcharge. Based on its calculations, the Company estimates the surcharge to have an approximate \$0.005 monthly bill impact on a residential customer at the average monthly usage of 23 therms.

The Company's proposed rates and charges, including regulatory expense surcharge, would result in the following monthly bills for a residential customer average winter monthly consumption of 35 therms, average summer monthly consumption of 11 therms, and annual average monthly usage of 23 therms:

Single Family Residential Service	Monthly Consumption (therms)	Monthly Bill (\$)		Increase/Decrease	
		Current Rates	Proposed Rates	Dollars (\$)	Percent (%)
Summer					
Summer 75%	8	\$26.47	\$28.95	\$2.48	9.37%
Summer Average	11	\$32.38	\$35.79	\$3.41	10.53%
Summer 125%	14	\$38.29	\$42.63	\$4.34	11.33%
Winter					
Winter 75%	26	\$61.92	\$70.00	\$8.08	13.05%
Winter Average	35	\$79.65	\$90.53	\$10.88	13.66%
Winter 125%	44	\$97.38	\$111.05	\$13.67	14.04%
Annual Average					
Average Monthly	23	\$56.01	\$63.16	\$7.15	12.77%

In addition to the rate increase, SWG requests approval of modifications to its Purchased Gas Adjustor and Delivery Charge Adjustor mechanisms to adjust the interest component. Further, the Company proposes the addition of an Unrecovered Gas Cost Expense Provision to timely recover the uncollected portion of customer bills related to purchased gas.

The Company also proposes an Incremental Upstream Pipeline Charge ("IPC") to establish a rate applicable to transportation customers for their portion of IPC charges.

In addition to the above, the Company requests approval of a System Improvement Benefit ("SIB") mechanism to recover a return on and of net investment made between rate cases for Code and Regulatory infrastructure replacements.

NEITHER THE COMMISSION'S UTILITIES DIVISION ("STAFF") NOR ANY INTERVENOR HAS YET MADE ANY RECOMMENDATION REGARDING SOUTHWEST GAS CORPORATION'S APPLICATION. THE COMMISSION IS NOT BOUND BY THE PROPOSALS OF SOUTHWEST GAS CORPORATION, STAFF, OR ANY INTERVENORS. THE COMMISSION WILL DETERMINE THE APPROPRIATE RELIEF TO BE GRANTED IN RESPONSE TO SOUTHWEST GAS CORPORATION'S APPLICATION BASED ON THE EVIDENCE PRESENTED IN THIS MATTER. THE FINAL RATES APPROVED BY THE COMMISSION MAY BE HIGHER, LOWER, OR DIFFERENT THAN THE RATES PROPOSED BY SOUTHWEST GAS CORPORATION OR BY OTHER PARTIES.

If you have any questions concerning how the Application may affect your bill or other substantive questions about the Application, you may contact **Southwest Gas Corporation at 1600 E Northern Ave, Phoenix, AZ 85020, by phone at 1-877-860-6020, or by email at customerinfo@swgas.com.**

About Intervention

The law provides for an open public hearing at which, under appropriate circumstances, interested persons may intervene. An interested person may be granted intervention if the outcome of the case will directly and substantially impact the person, and the person's intervention will not unduly broaden the issues in the case. Intervention, among other things, entitles a party to present sworn evidence at hearing and to cross-examine other parties' witnesses. **Intervention is not required for you to appear at the hearing and provide public comment, to file written comments in the docket for the case, or to receive emailed notice of each filing made in the case by following the docket.**

Information about what intervention means, including an explanation of the rights and responsibilities of an intervenor, is available on the Commission's website (www.azcc.gov) by clicking on "Cases and Open Meetings" and then clicking on "Intervene in a Case." The information includes a Sample Intervention Request and a Fillable Intervention Request Form.

To request intervention, you must file a written request to intervene, either (a) by filing a hard copy request (meeting filing requirements) with Docket Control (Docket Control, 1200 West Washington, Phoenix, AZ 85007), or (b) by **eFiling** the request. **Your request must be filed or eFiled no later than June 14, 2024.** Instructions and restrictions for eFiling are available on the Commission's website at <http://azcc.gov/hearing/file-for-utilities-instruction>. You also must serve a copy of the request to intervene on each party of record, on the same day that you file the request to intervene with the Commission.

Your request to intervene **must** contain the information below:

- Your name, address, and telephone number;
- The docket number for the case in which you are requesting to intervene;
- A short statement explaining:
 - Your interest in the proceeding (e.g., a customer of the regulated company involved, etc.);
 - How you will be directly and substantially affected by the outcome of the case, and
 - Why your intervention will not unduly broaden the issues in the case;
- A statement certifying that you have sent a copy of your request to intervene to the regulated company or its attorney and to all other parties of record in the case; and
- If you are not represented by an attorney who is an active member of the Arizona State Bar, and you are not representing yourself as an individual, sufficient information and any appropriate documentation to demonstrate compliance with Arizona Supreme Court Rules 31.1, 31.2, 31.3, 38, 39, and 42, as applicable. This only applies if you are NOT representing yourself and you are not a licensed attorney.

The granting of motions to intervene shall be governed by A.A.C. R14-3-105, except that **all motions to intervene must be filed on or before June 14, 2024.**

ADA/Equal Access Information

The Commission does not discriminate on the basis of disability in admission to its public meetings. Persons with a disability may request a reasonable accommodation such as a sign language interpreter, as well as request this document in an alternative format, by contacting the ADA Coordinator, Carolyn Buck, E-mail ADACoordinator@azcc.gov, voice phone number 602-542-2247. NOTICE OF POWER COST ADJUSTMENT

Pursuant to the Bureau of Indian Affairs regulations governing our electric power utilities, found at 25 CFR 175, notice is hereby given that the San Carlos Irrigation Project (SCIP) is adjusting the purchased Power Cost Adjustment (PCA) component of our rates. Effective May 1, 2024, all customers except Irrigation Project Pumps, will be charged \$0.025 per kilowatt-hour (kWh) consumed in addition to our existing electric power rates published in the Federal Register (87 FR 77628, Dec. 19, 2022). This will replace the September 1, 2023, PCA of \$0.056 per kWh.

SCIP completed its periodic review of power supply costs for calendar year 2024 and determined that a reduction in the PCA is appropriate. We will continue to monitor energy rates and adjust the PCA as needed to meet our financial and statutory requirements.

Please direct questions via e-mail to scippca@bia.gov or mail to San Carlos Irrigation Project, P.O. Box 250, Coolidge, Arizona, 85128.

Each such annual installment shall be due on the anniversary of the auction date. Pursuant to A.R.S. § 37-241(G), the Successful Bidder may discharge the entire debt at any time, within six (6) years after the auction date, by paying the final Patent Fee of \$200.00 and the remaining balance of the Sale Price with interest thereon. (H) The ASLD Commissioner has determined, pursuant to A.R.S. § 37-251(B), that the Successful Bidder may receive no more than four (4) partial patents of not less than thirty (30) acres each (excepting partial patents for roadways, utilities, and other public interests) and a final patent. In the event of a partial patent application, the Successful Bidder shall pay a release payment of principal and interest as calculated by ASLD, and in no event may the 10% down payment be credited towards the release payment for a partial patent.

(I) Until the remaining balance of the Sale Price for the Sale Parcel, with interest thereon, is paid in full, the Successful Bidder who elects the Certificate of Purchase Option under Terms of Sale Paragraph (G)(2) above shall not:

1) Construct any improvements (as that term is defined in A.R.S. § 37-101, as amended from time to time) on the Sale Parcel;

2) Excavate any soil on the Sale Parcel; or

3) Deposit any fill material on the Sale Parcel, without the prior written approval of ASLD, which may be conditioned or withheld in its sole discretion. If a partial patent is issued for a portion of the Sale Parcel, these conditions shall not apply to the patented area.

(J) When and if a Certificate of Purchase or a Patent has been issued to the Successful Bidder by ASLD, a Broker Commission shall be paid from the Selling and Administrative Fee collected by ASLD pursuant to A.R.S. § 37-107(B)(1) to a broker otherwise eligible to receive a commission under A.A.C. R12-5-413. **The Broker Commission shall be \$183,950.00.** Any portion of the Selling and Administrative Fee collected in excess of a brokerage commission paid shall be collected and retained by ASLD.

(K) If the Successful Bidder fails to complete all payments as stated in this auction notice, the Successful Bidder shall forfeit all amounts paid, which amounts shall be deemed rent for the Sale Parcel pursuant to A.R.S. § 37-241(C)(1).

ADDITIONAL CONDITION(S): The Patent for the Sale Parcel shall include the following conditions and restrictions:

Ore Town Solar Facility Project holds open house

By T.C. Brown
Copper Area News

Members of the community came together to learn more about the proposed Ore Town Solar Project last Wednesday at the San Manuel Community Center. Jason Morentz and Jennifer Jackson, from the applicant Avantus, were on hand to answer questions. They were joined by Colin Agner and Meaghan Austin, from SWCA Environmental Consultants, who also provided valuable information to those who attended. Pinal County Supervisor Jeff McClure and BHP staff were also present at the informational open house. Attendees were able to ask questions and were provided with comment sheets to fill out as part of the planning and zoning process.

This is not the first time this idea has been proposed in our community. Concerns such as fire district coverage, environmental fears, and more were discussed. Potential for increased boost to the local economy, possible employment opportunities, and other benefits were brought up by those in attendance as well. Short and long-term benefits are possible and the concerns mentioned did not seem insurmountable. Construction employment would be 200-300 people. Operational staffing would be 4-5 people.

The proposed project would be an up to 145-megawatt solar energy generating station and battery energy storage system. The project is planned on a 1,200-acre site owned by BHP and includes lands within the now-closed San Manuel Copper Mine formerly used for ore processing. This would not include the tailings areas due to subsidence concerns. The solar panel arrays would be 8-10' at their highest point.

Key project facilities include several parts in an overall plan. Solar panel arrays, inverter stations, electrical collection lines, and a step-up station all share a part of this plan with dedicated battery storage systems. The battery systems would be housed in protected containers to store electricity from the solar panels for use when the sun is down. An approximately 0.35-milelong transmission line would connect the project to the regional grid via the existing San Manuel Substation. The substation is owned and operated by APS.

“The reason that San Manuel is a place of interest, first of all, this part of the country has really high solar irradiance,” Morentz explained. “It’s one of the best places in the country for solar development. There’s a lot of sunny days – it shines bright here. We do a lot of studies before we decide on location and one of the studies is to see how much interconnection capacity, how much energy is available to be transmitted. San Manuel has capacity on the lines that exist right now, so we don’t have to build new transmission lines to APS. It’s already in place. So, it’s the result of good solar irradiance, and engineer studies.”

The solar project would be located on presently unused land leased from BHP. The proposed use of land will require approval by Pinal County. This approval is due to the need to amend the use designation from Low Density Residential to Green Energy Production as part

of an amendment to the Pinal County Comprehensive Plan. Ultimately the land would be rezoned from General Rural to Industrial I-3. Several deadlines will need to be met by the applicant in the coming months. A public hearing of the Planning and Zoning Commission to review requests and make recommendation to the

Board of Supervisors could come as early as September 2024. Construction could begin in 2026 with an online goal of May 2028 if all is approved.

Avantus states they have “over a decade of experience developing safe, high quality and sustainable projects
