To: Town of Mammoth Council

Mayor Al Barcelo, Vice-Mayor Frances Wickham, Councilman Juan Barcelo

Councilman Joe Tamayo, Councilwoman Gina Medina, Councilman Erik Romero,

Councilman Joe Brewer.

From: David J. Garcia, Public Works Director

On or about November 8th, 2012 Councilman Joe Brewer demanded a copy of my Employment Application from Mammoth Town Hall. This is a Direct Violation of my Right to Privacy. Town of Mammoth Personnel Policy page 26 Section B Paragraph 2 states the following: "The Mammoth Town Council collectively or any member of the Council acting at the direction of the Council collectively for employment related reasons". I asked all Council Members after the November 8th Meeting if Councilman Joe Brewer was acting collectively or at the direction of other Council Members. All Council Members told me that they were not involved with Councilman Brewer's actions. In fact Councilman Erik Romero was Emphatic that Councilman Joe Brewer did so without his knowledge or consent. Town of Mammoth Personnel Policy page 27 Section D 1-4 States the limited information available without the Employees Notarized Authorization. 1) "Verification of Employment and date of employment". 2) "Employee's Classification Title ". 3) "Pay Range for the Employee's Classification" 4) "Employee's home address and work site (to be given only to Commissioned Law Enforcement Officers on Official Duty whether in person or over the telephone After Verification of the Requesting Parties Identification)".

I Request that the Mayor, Vice-Mayor and Esteemed Council Members Conduct an Investigation into my allegations that Councilman Joe Brewer Violated My Right to Privacy. I further request that the Council Direct Town Attorney Mr. Stephen Cooper to research and submit a Written Legal Opinion concerning any Violations of Town, County, State or Federal Laws/Statutes that Councilman Joe Brewer Violated. I request that the Council hold Councilman Brewer accountable to the full measure of disciplinary action available. If Councilman Brewer violated any Laws I request that it be reported to the Appropriate Law Enforcement Agency.

Sincerely,
